PROFESSIONAL SUMMARY

Motivated Computer Science Engineering undergraduate with expertise in Java, Python, Full Stack Development, and software engineering. Proficient in developing web applications using React.js, Node.js, Flask, Django, HTML, CSS, JavaScript, and MySQL. Strong understanding of Data Structures, Algorithms, OOP, DBMS, and REST APIs, eager to contribute technical, analytical, and problem-solving skills in technology-driven roles.

TECHNICAL SKILLS

Programming Languages: Java, Python, JavaScript, SQL

Frontend Technologies: HTML5, CSS3, React.js, JavaScript

Backend Technologies: Node.js, Flask, REST APIs

Database Technologies: MySQL, MongoDB, SQL

Developer Tools: Git, GitHub, VS Code

Core Concepts: Data Structures and Algorithms, Object-Oriented Programming (OOP), DBMS, Version Control

EDUCATION

Sreyas Institute of Engineering and Technology

2023 - 2027

Bachelor of Technology in Computer Science and Engineering

CGPA: 9.04/10

Prathibha Junior College

2021 - 2023

Intermediate Education - MPC

Percentage: 94%

Modern High School

2020

Secondary Education

CGPA: 9.8/10

PROJECTS

AI-Based Learning Assistant

React.js, Node.js, MongoDB, NLP

- Developed an AI-powered learning platform for personalized education and intelligent doubt resolution.
- Implemented adaptive learning recommendations, automated quiz generation, and detailed progress tracking features.

Civic Dashboard

React.js, Node.js, MongoDB, Leaflet.js

- Built a comprehensive civic issue management dashboard with real-time complaint reporting and geolocation-based tracking.
- Integrated fully interactive map visualization features alongside custom issue status monitoring dashboards.

Health Care Management System

Python, Flask, MySQL

- Developed a full-stack healthcare web application for securely managing patient records, appointments, and hospital billing.
- Implemented secure multi-role user authentication and highly efficient CRUD operations optimized via relational database indexing.

CERTIFICATIONS & ACHIEVEMENTS

- Solved 200+ complex coding problems on LeetCode focusing on core Data Structures & Algorithms (DSA).
- Python for Data Science Professional Certification – National Skill Development Corporation (NSDC).
- Full Stack Web Development Training & Project Certification – Internshala Trainings.
- Selected & Participated in the prestigious Smart India Hackathon (SIH) for building innovative digital solutions.
- Active contributor on GitHub with multiple open-source web development and full-stack project repositories.
- Recognized for academic excellence, maintaining a top-tier CGPA of 9.04/10 throughout the B.Tech program.
